Vehicle: Holden JG Cruze BCM

Subject: BCM Power window programming & relearn

After disconnecting the battery or the power window control switch the 'Auto up' function will require resetting. To reset perform the following:

1. Turn ignition ON and fully open the driver's window
2. Lift the driver's window switch up fully and close the window
3. Hold the switch up for at least 2 seconds after the window has closed
4. Repeat for the other windows
