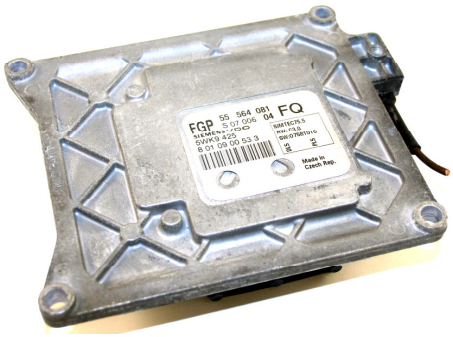
Injectronics

'latest info on the Injectronics range'
August 17th 2015



Holden AH Astra 2005 - 2009 1.8L ECM Z18XE / XER, 2.2L Direct Injection, 1.9L Diesel

Test and repair service. Various numbers also in stock

Part number: 5WK9378CO and 5WK9425CO

Testing: Injectronics require the CIM, Dash cluster, VEC, REC, ECM and key to test.

Fitment details: Unit requires Tech2 and TIS to program. Injectronics can supply clone ECM including security and variant settings.

VR / VS / VT / VX / VY / VZ Body Control Modules

Injectronics have units in stock as change over units.

Part number: Complete range from VR to VZ

Faults include: No start and indicators staying on.

Fitment details: VR & VS BCM's are plug and play. VT, VX, VY & VZ require programming using generic scan tool ie G Scan. All units supplied with 2 x pre programmed key fobs.

VT / VX / VY / VZ Gen III ECM's

Test and repair service. Can clone for trial unit purposes. Change over units available in self learn mode which automatically link to vehicles immobiliser.

Part number: Various

Testing: To test ECM we require ECM, PIM, key and BCM.

Fitment details: ECM's require programming to vehicle. Injectronics can copy information from the customers unit and program to the exchange unit (clone).

Holden RA Rodeo 3.5L V6 2003—2005 ECM 6VEI

Injectronics have a test and repair service available plus various part numbers in stock.

Part number: 8972398503CO / 8793892750CO

Faults: Connector terminals corroded or missing

Testing: To test we require key / reader / immobiliser and ECM.

Fitment details: Injectronics can supply cloned units for trial unit purposes.

Ford Falcon XG & XH Ute / Panel Van BCM & Smart lock module

Injectronics have these units available in stock as change over units.

Part number: 9330065119CO / 9330065142CO / 9330065167CO

Faults: No start & water damage

Fitment details: Requires programming to vehicle upon fitting with generic scan tool. Instructions are provided with each unit.

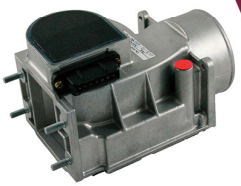
Injectronics

ABS Modules

Injectronics repair, remanufacture and stock a large range of ABS modules to suit a vehicles from Audi to Volvo and all those in between.

Air flow meters / Mass meters

Injectronics can test, repair and remanufacture many brands of Air Flow Meter (AFM) and Air Mass Meter (AMM), including Bosch, Siemens, VDO, Hitachi, Mitsubishi, Delco, Delphi, Jecs, Nippon Denso, Kefico and Lucas



Immobilisers & keys

All late model vehicles now incorporate an immobiliser system. These are often failing, causing a no start situation. Injectronics have exchange immobilisers in stock as well as offering a speedy repair service. We can program keys to immobilisers and have a large range of keys in stock as well as resynchronising immobilisers to ECM's and BCM's.

Climate control & HVAC

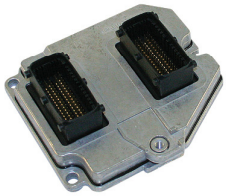
Injectronics repairs and stocks a large range of interior fan speed control modules and electronic climate control modules. Also known as Heating, ventilation and Air Conditioning modules (HVAC). Call now to check stock.

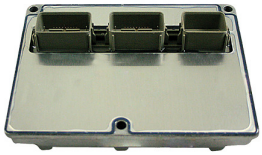
Heavy Duty & Diesel

Truck and trailer ABS modules, air mass meters, electronic EGR valves and climate controls. All make up our range of heavy duty & diesel product offerings. We can also supply a range of electronic turbo controls including brands such as Hella, Holsat and Mitsubishi.

ECM & PCM

An ever expanding range in stock. Common modules can be tested on the Injectronics designed Virtual Automotive Simulator (VAS). Providing accurate pin by pin testing and programming, and comprehensive full function test.





Body control modules

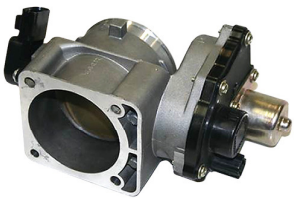
Injectronics have a huge range of Body control modules (BCM's) in stock. All are supplied with fitting / programming instructions

Instrumentation

Behind the instrument display in a modern motor vehicle is usually a highly complex circuit board with many functions. Injectronics can repair many types of these, including Mercedes Benz, BMW, Audi and many other popular vehicles.

Air Control

A large range of genuine OEM Electronic Throttle Bodies, as well as remanufactured units are available from Injectronics. Along with Idle control units for vehicles such as Volvo, BMW, Mercedes Benz, Mitsubishi, Hyundai, Holden, Jeep, Kia and many more.



Injector Components

A comprehensive range of Fuel Injector Components which include an extensive range of Injector repair kits, along with an assortment of pintle caps, insulators, spacer washers, buffer and body seals, filters, upper and lower seals, o rings and more.
